BURDICK dual-speed EK-111

Whenever you need a more detailed electrocardiogram you switch the EK-111 from the standard 25mm per second to 50mm. This double speed enlarges horizontal dimensions of the record and rapid deflections can be more easily studied. In effect you have a "close-up".

Weight of the unit is just 22½ lbs., yet the EK-111 uses easy-to-read standard-size record paper.

The EK-111 top-loading paper-drive eliminates tedious threading. Newly designed galvanometer and rigid single-tube stylus insures even greater record clarity and accuracy.

Why not write for descriptive material, or ask our representative for a demonstration of this NEW BURDICK?

We are proud to present this NEW Dual-Speed EK-111, and invite your inspection.

Committees & Organizations

Schedule of Committee & Commission Appointments, 1961-1962

NOTE: The Committees listed herein have been authorized by President Claude B. Squires, and/or are required under the Constitution and By-Laws.

Particular note should be taken of the authorization of the House of Delegates of a Commission form of organizational activity and that all Committees, excepting Committee on Nomination, Committee on Negotiation, and Committee on Grievances, are segregated under the respective Commission in which the function of the committee logically rests. This will tend to eliminate overlapping and duplication in activity programs and result in coordination of the work of the Society in a manner to lessen the work of the delegates in the Annual Meeting of the House of Delegates.

(The President, Secretary and Executive Director of the Society are ex-officio members of all committees and, along with the Commission Chairman, should receive notice of meetings, agenda and minutes of committee meetings during the activity year.)

HOW TO TAKE THE FUTURE INTO YOUR OWN TWO HANDS WITH A PERSONAL PENSION PLAN

Even though you are an "unincorporated" professional man, you can now have an individual pension plan of your own. It can give you, on a personal basis, many of the attractive benefits found in the pension plans of business or industry. One version of the Personal Pension Plan enables you to convert investments at retirement into annuity income, to benefit from favorable yield and guaranteed income. It allows you to establish a rate of income now — a rate that may go up but cannot go down, whatever the future economic conditions. The Plan is extremely flexible: you can set it up either through life insurance alone or through insurance combined with an investment program of your own choosing . . . A member of the North Carolina agency of New England Life is the man to help you tailor the Personal Pension Plan to fit your specific needs. He's the man of opportunity for professional men and he represents the company that writes the most individual policy pension plans. Contact him soon.

QUALITY...

It is human nature to ask: "What's behind it?" The fact that our nation's doctors stand behind Blue Shield, through their local medical societies, is certainly an important reason for its widespread acceptance. One doctor summed it up this way: "The public will have faith in Blue Shield so long, and only so long, as we the doctors have faith in it and continue to endorse it." **BLUE SHIELD**
